

Preface

The 2024 5th International Conference on Medical Imaging, Sanitation and Biological Pharmacy (MISBP 2024) was successfully held during November 23-24, 2024 in Osaka, Japan. This conference aims to provide a platform for researchers and engineers to share their ideas, recent developments, and successful practices in medical imaging, sanitation, biomedical engineering, biochemistry, pharmacy, and human health.

The conference had 4 technical session and 4 poster sessions. Each keynote speech lasted 30-40 minutes, and authors presentation 8-10 minutes. Each presentation was included with questions and answers. MISBP 2024 became an effective communication platform for all the participants over the world. The conference proceeding is a compilation of the accepted papers and represent an interesting outcome of the conference.

We would like to acknowledge all of those who supported MISBP 2024. Especially we would like to thank the committee members and reviewers for their tremendous contribution in conference organization and peer review of the papers. We are sure that the proceedings will serve as an important research source of references and the knowledge, which will lead to not only scientific and engineering progress but also other new products and processes.
